VETERINARY PORTABLE ECOSERIES

Applicable to VET Clinic

Multifunctional Portable X-ray System, featured by small size, light weight, high power denisty by 3.5KW and 5.6KW High Voltage Generator, fit for all type portable

xray applications.Veterinary DR,

Features

3.5Kw, 5.6kw, maximum output power and high voltage generator to meet different needs

-Touchscreen supporting APR data configuration for different body parts

-Integrated Film Focus Distance Measurement (SID Ruler)

-Powerful and effective LED collimator light

-Lightweight and compact design

-Shooting with the remote control

-Multiple protection and automatic error message notification

- Soft-switching technique with a switching frequency of up to 300kHz

- Ultra-long lasting battery supporting 200 exposures on a single full charge “optional”

- User interfaces for veterinary use,
